Forecast For Wales
Issued by Met Office Exeter
at 0400 on Tuesday 27 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy, with scattered showers spreading across the country. Feeling colder.

Today:
A cloudy day, with scattered showers through the morning, beginning in northern areas, but spreading across the country by the afternoon. Feeling mild, but colder than recently, with winds remaining light throughout the day. Maximum temperature 14 deg C (57 deg F).

Tonight:
The showers become more grouped through the evening, and generally heavier. Winds strengthening slightly overnight but easing off again into the morning. Milder than recent nights. Minimum temperature 5 deg C (41 deg F).

Wednesday:
Another cloudy day, with widespread rain throughout the country, heavy at times, and more persistent later. Turning drier overnight. Feeling colder than recently. Maximum temperature 12 deg C (54 deg F).

Outlook for Thursday to Saturday:
Largely dry on Thursday with some scattered showers in the afternoon. More frequent showers throughout on Friday and Saturday, with sunny spells. Remaining cold by day with night frosts possible.
